HUNGRY? HUNGRY? HUNGRY?

Ag-Bag's design features provide the industry's best silage pack.

1. Full width rotor and low rotor position plus the unique tunnel design fills bags from the bottom up for max fill and best pack.
2. Cable brake pressure adjustment
3. Pressure gauge for instant reading and constant monitoring on tractor powered units
4. Anchor system on self-propelled units

All these features combined provide the most flexibility for the best bag packing of any brand.
